Partnership

As a backup to our setup particularly in Oil & Gas Business, Aviation & Space, Marine Hull & Cargo, we have a cordial and harmonious relationship with Willis Limited in London over a period of time and this Partnership have been very productive over these years. This Partnership of ours among other things helps us to keep track of World Insurance Market Development particularly in the Energy Sector, Aviation & Space thereby enabling us to be abreast with the dynamic global trend maintaining a flexibility of operations in tune with the changes in the Global Insurance Market.

They also provide Technical Insurance Training Facilities for our Staff that are variously sent overseas for Induction Courses.

We are Client-focused and transparent.”

Ahmed Salawudeen - President/CEO

SICL & Carriers Security
ACID TEST OF A GOOD UNDERWRITER

Claims Settlement as at when due.

SICL KEY FACTORS TO DETERMINE A GOOD UNDERWRITER

- Secure solvent and properly managed
- Ability to pay valid Claims as at when there is an insured event
- Adequately Capitalized for the type and the amount of business assured
- Examination of Underwriters Reinsurance Programme.

At SICL, we pay very strong attention to the financial strength or solvency of any Carrier utilized for placement of Risks of our clients.

Thus STANDARD attach the highest priority to security issues and undertake to review every Insurance Company, Reinsurance Company, Underwriting Pool and Agency in use on an annual and on-going basis. To this end, certain standard has been set which must be met if Carriers are to be approved for use by us.

Ahmed Salawudeen - President/CEO

Periodically, we examine these Underwriters in so far as their security and financial strength is concerned on a regular basis and recommend such Underwriter for Risk Placement but of course subject to our clients approval, Businesses are placed with such Underwriters who meets our parameters as indicated above.

Ahmed Salawudeen - President/CEO

The strength, independence and global coverage of Standard Market Security functions make it a vital tool and differentiate our organization from our Competitors.
